To the attention of Little League District Administrators in Europe and Africa

Dear Sir / Madam,

with this letter we have the real pleasure to invite a team representing your country to participate in the Little League Softball Europe & Africa Qualifier, which will take place in Caronno Pertusella from 13 to 18 July 2015.

This year the Regional Committee Lombardia of the Italian Baseball and Softball Federation will host three Little League finals, respectively for the age groups U19, U17 and U15 ( Big / Senior and Junior League ).

In the year of the World Exhibition of Milan EXPO 2015, we feel that the presence of a considerable number of teams from all European countries will make these tournaments a memorable experience for the girls, their families and their coaches, who will have the unique opportunity not only to compete at an international level and share the Little League spirit, but also to live the city of Milan and its international atmosphere during this incredible summer.

Therefore we would like to welcome your country representative teams to Caronno Pertusella, where we will do our best to make them feel at home and run a great tournament, which will crown the Europe & Africa Champions.

As you all know, the winning teams will continue their dream experience with the trip to the World Series which will take place in the USA in the month of August.

Should you have any questions regarding the modes of participation in our tournaments, please contact **Mrs Beata Kaszuba-Baker, Europe and Africa Director** at the following address:
